KMSDCH STUDENTS' COUNCIL 2022-23

INSTITUE RESEARCH COMMITTEE AN INSTITUTE LEVEL STUDENT AND FACULTY DEVELOPEMENT PROGRAMN ON QUESTIONNAIRE BASED RESEARCH STUDY: ART & SCIENCE OF ASKING QUESTIONS

A questionnaire, a common method of gathering data, is an essential component of a research project. However, postgraduate students and researchers may find preparing a questionnaire to be a challenging undertaking. This programme and workshop provides insight into the fundamentals of questionnaire framing and validation and explains the numerous procedures necessary for questionnaire design and validation. The welcome address was given by the Program Coordinator, Dr. Santosh Goje. The resource persons were Dr. Kedar Mehta, Associate Professor, Department of Community Medicine, GMERS Medical College, Gotri, Vadodara, Dr. Parag Chavda, Associate Professor, Department of Community Medicine, GMERS Medical College, Gotri, Vadodara and Dr. Sweta Singh Prof.& Head, Preventive Health Dentistry, KM Shah Dental College & Hospital.

HOCUS FOCUS

A Practical Approach to Slide Interpretation and Diagnosis

The Department of Oral Pathology & Microbiology organized a CDE program Hocus Focus- A practical approach to Slide Interpretation & Diagnosis for postgraduates and faculties of the speciality on 8th June,2023.

World No Tobacco Day 2023

World No Tobacco Day was organized by Dept. of Oral Medicine and Radiology on 31st May 2023. Street play was performed by our UG students at Railway station, Vadodara to create awareness about the ill effects of Tobacco.

SPECS - III

All participants had an insightful lecture and demonstration delivered by Dr.Prof Renu Batra (M.D.S. ENDODONTICS). All the participants worked in harmoniuos collaboration and learnt various aspects of post and core buildup on extracted teeth. The event was a huge success.

SPECS - I

The lecture was taken by Dr.Kishan K V and Dr.Ajay Singh Rao faculties of the Dept. of Conservative and Endodontics. The lecture was insightful, and participants gained an in depth understanding of the root canal treatment basics using rotary instruments.

The hands-on exercises enabled participants to do the cleaning and shaping procedures using rotary endodontic files with rotary endodontic handpieces. This greatly facilitated the root canal procedure with predictable and controlled cleaning and shaping procedures. Overall the event was a great success.

SPECS - II

The speaker Dr Denzil Albuquerque (M.D.S. ENDODONTICS) elaborated on the technical and material aspects of dental composites and answered related queries with great alacrity. Students were excited with the responsiveness of the speaker. All participants worked on anterior and posterior dental composite restorations with good attention to detail and had an insightful session.

National Oral Medicine and Radiology Day

On the occasion of National Oral Medicine and Radiology Day, Department of Oral Medicine and Radiology conducted a one-day National Level CDE Programme on Advances in Oral Medicine & Radiology.

The objective of the program was to highlight the importance of Oral Medicine and Radiology among dental students and faculty. The program also emphasized on the use of advanced technologies in the field of Oral Medicine and Radiology like cone beam computed tomography (CBCT). The CDE programme commenced after welcoming the delegates by Dr. Deepa J. Patil and prayer song. This was followed by a keynote lecture by Dr. Mahendra Patait on Application of Cone Beam CT in Dental Practice.

Online scientific E- poster competitions were scheduled for Faculty, undergraduates and postgraduates. Offline scientific E- poster competition and Table clinics were conducted for undergraduate students in the department of Oral Medicine and Radiology.

Fancy Dress competition (what am I?),Time: 11am to 12 noon, guided by Dr Rashmi Bhavasar.
Judges for competitions: 1. Dr. Sucheta Lakhani, Head of the Department, Department of Microbiology

RANGOLI COMPETITION

Total 119 students have participated in this competition.

Certificates were awarded to all the participants, winners of various events and appreciation certificates were also given to the Judges.

Vote of Thanks was proposed by Dr. Rashmi Bhavasar.

Concepts & Methods in Preventive Oncology and Community- Based Perspectives in Oral Cancer Care: A National Level Online CDE Program was organized by Department of Public Health Dentistry, K. M. Shah Dental College and Hospital

The theme of the CDE program was related to oral cancer considering that oral cancer has emerged as an alarming public health problem with increasing mortality rates all over the world. The high incidence of oral cancer in India is linked to habits of tobacco chewing and smoking. Oral Squamous Cell Carcinoma forms about 90% of all oral cancers. The malignancy is usually preceded by oral potentially malignant disorders like leukoplakia, erythroplakia, and oral submucous fibrosis.

Objectives of the Program:

The program intended to highlight the key aspect important for all the practitioners of Oral Health – be it in the clinic or in the community. The objectives of the program were to provide applicable knowledge on:

- Overview of Preventive Oncology
- Minimally Invasive Investigatory Procedure for Early Diagnosis of Suspicious Oral Mucosal Lesions
- Treatment Outcomes of Non-invasive Early Interventions for Potentially Malignant Lesions
- Community Based Programs for Oral Cancer Care

Inaugural session of CDE program

Clinical Case Discussion

INFOTAINMENT

Dentistry Believe It or Not!

¥Americans buy more than 14 million gallons of toothpaste every year.
¥Coconuts are a natural anti-bacterial food and can help reduce the risk of developing gum disease and cavities.
¥25% of adults DO NOT brush twice a day. This increases their risk of developing tooth decay by 33%.
¥Roughly 75% of school children worldwide have active dental cavities.
¥48% of young adults have untagged themselves from a photo on Facebook because of their smile.
¥90% of a bad breath smell originates in the mouth.
¥People who smoke are 2-7 times more likely to develop periodontal disease than non-smokers.
¥It was customary during the middle ages to kiss a donkey if you had a toothache.
¥Roughly 25% of American adults have no teeth.
