Sub:- Report on feedback on Curriculum

Sir,

Value Addition to Curriculum

The curriculum decided and laid down by Medical Council of India cannot be modified or changed in any manner. It is proposed to suggest value addition in the Teaching Learning process, during implementation of the curriculum.

Suggested value additions based on inputs received from various departments are:

1. To add topics of newer discoveries and developing medical technology to the syllabus of teaching UG & PG.
2. To develop skill based learning competencies in various departments utilizing the facilities of skill lab "Labdhi".
3. Competency based internal assessment to be included in PG teaching programs & it should be recorded in the Log Books.
4. Introduction of Community Centered Curriculum at PG level while participating in outreach programs.
5. Teaching & Training for Electronic health records and telemedicine.
6. Review of CCES Program.
7. Review of BRE Program.

They are sent for necessary action at your end

Thanking you

Dr.G.V.Shah
