**OBJECTIVE:** The objective of the two days Refresher course sponsored by Gujarat State Pharmacy Council is to upgrade the professional knowledge of Pharmacy professionals i.e. Hospital Pharmacists, Community Pharmacists, Pharmacists involved in retail or whole sale business of drugs/medicines, academicians and all registered pharmacists. This refresher course will enrich participants about the role of pharmacist in responsible use of medicines. The sessions are destined to have deliberations by eminent personalities from academia, industry, medical profession, regulatory bodies and FDCA. They will focus on proper use of medicines to save lives, restoring health, prevention of diseases and toxicity, role of pharmacist, patient counselling, drug-drug and drug-food interactions. It is mandatory by PCI for all Registered Pharmacists to attend 2 days re-fresher course for the renewal of registration with State Pharmacy Council.

**Sumandeep Vidyapeeth (SV)** was established in 2007 with a mission to be recognized as an educational hub of quality and development. Having been awarded the status of "Deemed to be University" for having introduced a unique and innovative Evidence Based Education System, it has meticulously worked for implementing this system in true word and spirit, and in the process has created parameters for other institutions to emulate. Today all its constituent colleges: Medical, Dental, Pharmacy, Physiotherapy, Nursing and MBA (Health Care) are utilizing this system in the teaching and learning processes, thereby not only creating a paradigm shift in education, but also giving a natural impetus to research activities.

At Sumandeep Vidyapeeth, patient care encompasses the entire spread from community activity to state of the art super-speciality management, and education takes all the hues of traditional to innovative, and conventional to high impact research.

**Department of Pharmacy** is committed to provide excellent education in a stimulating environment where delivery of outstanding pharmaceutical care is integrated with nationally and internationally recognized research. Innovative and proven educational methods are employed to produce pharmacists who possess the skills and knowledge they need to serve the community in an ethical and professional manner.

The Department of Pharmacy was started in 2008. It has all the state of art techniques along with excellent infrastructure and ambience for learning. It is fully equipped with all the latest instruments and facilities. All the experienced staff members are involved in research activity. Currently, the department offers PCI approved B Pharm, Pharm D, Pharm D Post Baccalaureate and M Pharm courses in various branches in addition to PhD.
