

Sr.No.	Details Of Ph.D. Scholars		
	Name	Title of Thesis	Year
1	Mr. Biren N Shah	Phyto – pharmacological screening and formulation development of some traditional Indian medicinal plants	2011
2	Mr. Dinesh chandra G Desai	Design, synthesis and antimicrobial evaluation of metal complexes of medicinal agents	2011
3	Mr. Mustakim M Mansuri	Synthesis and pharmacological evaluation of some substituted coumarine derivatives	2011
4	Mr. Beenkumar R Prajapati	Synthesis and evaluation of some five member heterocyclic compounds	2011
5	Mr. Pragnesh Patani	Design and synthesis of bioisomeric tetra substituted Thiophenes as novel anti-inflammatory agents	2011
6	Mrs. Falguni B Tandel	Analytical method development and pharmacokinetic study of some new anti-inflammatory agents	2014
7	Mr. Ujjwal Sahoo	Design synthesis and pharmacological evaluation of novel oxadiazole, triazole and thiazolidinone-4-one	2014
8	Mr. Girish Sailor	Design development optimization and evaluation of novel drug delivery system of some phytopharmaceuticals.	2015
9	Mr. Sachin Chauhan	Design development optimization and evaluation of nanoparticulate drug delivery system of some anticancer drug.	2015
10	Mr. Nirmal Shah	Techniques to improve bioavailability of Selective Estrogen Receptor modulators (SERMs) for treatment of osteoporosis	2015
11	Mr. Chintan Aundhia	Formulation design and development of nano carrier system for treatment of osteoporosis	2016
12	Mr. Ankur Javia	Antioxident activity of some herbal compounds on cadmium induced cardiovascular toxicity	2016
13	Mrs Arti Zanwar	Method development of some drugs from their dosage form	2017
14	Mr. Mangesh kumar	Development of chitosn based novel micro and nano delivery systems	NA
15	Mr. Ritesh korat	Enhancement of Vitamin B12 bioavailability by novel drug delivery system through oral route in absence of intrinsic factor	NA
16	Mr. Rajesh Maheshwari	Effects of coenzyme Q10 with antidiabetic and antihyperlipidemic drugs in experimental induced diabetic complication.	2014

17	Mr. Ashim Kumar Sen	Development and validation of new analytical methods of some group of pharmaceuticals from its bulk and pharmaceutical dosage form	2015
18	Mrs. Dhanya Sen	Development and validation of new analytical methods of some antidiabetic group of pharmaceuticals from its bulk and pharmaceutical dosage form	2016
19	Dr. Vikas Chandrakar	Evaluation of medication adherence to improve the patient compliance by counseling for better therapeutic effect in some chronic disorders at tertiary care hospital	NA
20	Dr. Kushal Gohel	ITD pending	NA
21	Mr. Dhaval Joshi	ITD pending	NA
22	Dr. Hemraj Singh Rajput	ITD pending	NA
23	Mr. Snehal Patel	ITD pending	NA
24	Mr. Ganesh Shinde	ITD pending	NA
25	Mr. Manojkumar Munde	ITD pending	NA
26	Ms. Snehal Joshi	ITD pending	NA
